GODWIN JIJO. R

AI & DATA SCIENCE STUDENT

Chennai, India | 9345525709 | godwinjijo789@gmail.com

Linkedin: https://www.linkedin.com/in/godwinjijo/ **Github:** https://github.com/godwinjijo789

CAREER OBJECTIVE

Motivated AI & Data Science student with a strong interest in web development, data science, and problem-solving. Seeking an internship opportunity to apply technical skills, gain practical industry experience, and contribute to innovative software and AI-based projects.

TECHNICAL SKILLS

- **Programming:** C, Python.
- **Data Science:** NumPy, Pandas.
- **Data Analysis Tools:** GitHub, VS Code.
- **Concepts:** Machine Learning, Generative AI.
- **Soft Skills:** Communication, Teamwork, Leadership.

EDUCATION

B. Tech (Artificial Intelligence and Data Science) — Sept 2024 - Present

- Pursuing 3rd year of Artificial Intelligence and Data Science in Mohamed Sathak A. J College of Engineering, Siruseri.
- GPA: 8.31

Higher Secondary Education (12th) — July 2022 - May 2024

- Studied in St. Joseph Higher Secondary School, Thirithuvapuram.
- Marks : 477/600

Secondary Education (10th) — July 2021 - May 2022

- Studied in Sree Vithiyathiraja Vithya Vikas Matric School, Kuzhithurai.
- Marks : 448/500

PROJECTS

1. Sports Allanz – Sports Event Registration and Event Handling Website

- Developed a responsive sports event management web application using HTML, CSS, JavaScript, and React.js.
- Designed interactive user interfaces for event registration and venue booking.
- Improved user navigation and dynamic content rendering for better user experience.
- Implemented reusable React components and responsive layouts.

2. Insight Face – AI-Based Attendance Management System

Live Demo: https://insight-face-omega.vercel.app/

- Developed a full-stack AI-based Attendance Management System using React.js, TypeScript, Vite, Tailwind CSS, Express.js, and Firebase.
- Implemented live CCTV face recognition to match students against previously stored facial data and automatically mark present or absent.
- Integrated Firebase Authentication and Firestore for secure admin access, student registration, attendance records, and cloud data persistence.
- Built automated absence notification workflows using Node Cron and Nodemailer to send email alerts to parents of absent students.
- Designed responsive dashboards for student registration, attendance tracking, report generation, and secure access control.

3. Sana Pets & Accessories – Pet Store Management Web Application

Live Demo: https://sana-pets-accessories.vercel.app/

- Developed a full-stack pet store web application using React.js, Vite, Tailwind CSS, Firebase, and Supabase.
- Implemented Firebase Authentication, Firestore, and Storage along with Supabase for secure authentication, data management, and image handling.
- Designed responsive interfaces with search, filtering, product details, enquiries, customer reviews, and dark/light mode.
- Built an admin panel to add, edit, and delete pets and accessories, upload multiple product images, manage reviews, and update contact information.

4. ETR Furniture – Furniture Showroom Management Web Application

Live Demo: https://etrfurniture.vercel.app/

- Developed a full-stack furniture showroom web application using React.js, TypeScript, Vite, Tailwind CSS, Express.js, and Firebase.
- Implemented Firebase Authentication and Firestore for secure user authentication, product management, customer reviews, enquiries, and cloud data persistence.
- Built a secure admin dashboard to manage showroom inventory, business information, customer reviews, and showroom location using React Leaflet.
- Designed responsive user interfaces with product image carousel, wishlist, search, product details, contact enquiry system, and smooth animations to enhance user experience.
- Developed secure Express.js API routes for server-side operations and improved application security by protecting sensitive configuration and backend logic.

INTERNSHIP EXPERIENCE

Maraimalai Nagar, Tamil Nadu | 1 Month

- Learned industrial manufacturing workflows and automotive production processes.
- Observed quality control and operational management practices.
- Worked collaboratively with industrial teams and improved workplace communication skills.
- Received internship **Stipend of ₹15,000**.

CERTIFICATIONS

- Python Programming - Codetantras
- Cyber Security for Beginners - Tata Strive

ACHIEVEMENTS

- Participated in SIH, collaborated in a team to develop innovative solutions under time constraints.
- Achieved **Second Prize** in the **Sathakathon** a 12 hours hackathon event in our college.
- Coordinated 5 non-technical, campus-wide events, managing logistics, team collaboration, and on-site execution.

KNOWN LANGUAGES

- English – Professional Proficiency.
- Tamil – Native Proficiency.
- Malayalam – Intermediate Proficiency.

INTERESTS

- Language Learning
- Chess
- Volunteer Work
- Reading Books
- Creative Arts
- Kabbadi
- Football
